

Your parking validation code is: 927564

HOW IT WORKS.....

1. Guest scans the QR code on site or clicks the validation link from their ticket.
2. Gets the 6-digit access code/validation code from the flyer or from any Wild Heaven staffer.
3. Enters their license plate, state, and phone number.
4. Taps Validate. They will receive a text confirming their validation.
5. Parking is covered until 5 AM with no charge and no payment information required.

If a guest accidentally prepays for parking, they will be reimbursed via their original payment method once the validation code is applied.
